SIR,

I have the honour to forward herewith an estimate with report and plan amounting to Rs.16,800/- received from the Executive Engineer for opening out a road from Harohally to Maralwady. The Chief Engineer has scrutinised the estimate. The Board have approved of the proposal.

This is a long pending question and the matter had been dropped for want of funds. The opening out of this road is very necessary. This has been included in the current year's budget under "B" Public Works in which a lumpsum provision has been made. The amount of the estimate will be spread over four years.

I request you, therefore, to obtain early sanction of the Government in the matter, as this is the favourable season to start the work.

I have the honour to be,
Sir.

B. Abdur Rahmon

Subject: Re: formation of a road from Talai, Hosur Taluk to the boundary of the Bangalore District in Kankanhalli Taluk.

In continuation of this office letter No. A. 139-376/27-28 dated 29th November 1928, I have the honor to enclose herewith a copy of the letter No. 854/L.B. of 28 dated 3rd December 1928 received from the President, Hosur Taluk Board for information of Government. The work of forming a road from Harohalli to Maralawadi is nearing completion.

Forwarded with compliments

Deputy Commissioner

I have the honor to be,
Sir,
Your most obedient Servant,

President, District Board,
Bangalore District.

Letter No. 854/L.F.of 1928, dated 3rd December 1928 from the President, Taluk Board, Hosur, to the President, District Board, Bangalore.

With reference to your No.A.139-376 dated 14th March 1928, I have the honor to inform you that I personally investigated into the matter of laying out a road to connect Maralavadi in your limits from the Hosur Taluk limits There are two routes (1) from Chattram Thoddi side and another from Belalam side.

The distance from Chattram Thoddi side to Maralavadi I understand is about 6 miles. The proposed road has to climb down one mountain range in British limits and to climb up another mountain in Mysore limits. Between these two mountains there is an extensive valley of 3 to 4 miles of thick reserve forest. It is here the British Reserve forest and Mysore Reserve forest meet. I am informed there is way from Chattram Thoddi side for foot passengers to go to Maralavadi and this is frequented.

The way from Balalam also has similar difficulties but the nearest Mysore village is "Therubidi" which is at a distance of 5 miles, but Maralavadi is at a distance of 15 miles from Balalam.

But there are not many big villages on either side so that the proposed road may be useful. The cost is immense. The only Department which may be benefitted is the Forest Department and the Government may be addressed if necessary.

If the initial expenditure of laying out a road by both the Governments is undertaken which involves a very large amount, the cost of maintenance will be then considered.
